

Name :

Class :

Section :

Roll No.

I. Fill in the blanks :

(5 x 1 = 5)

1) is the sign of addition.

2) $0 + 4 =$

3) $6 + 0 =$

4) $3 + 3 =$

5) $4 + 2 =$

II. Count and write the number :

(4 x 1 = 4)

1)  +  + =

2)  +  + =

3)  +  + =

4)  +  + =

III. Do the following additions.

(4 x 1 = 4)

1) $\begin{array}{r} 22 \\ + 23 \\ \hline \end{array}$

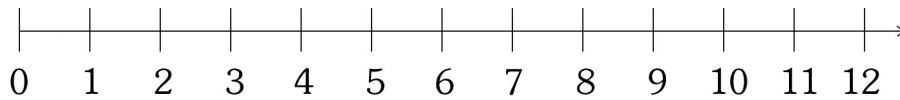

2) $\begin{array}{r} 50 \\ + 30 \\ \hline \end{array}$

3) $\begin{array}{r} 45 \\ + 14 \\ \hline \end{array}$

4) $\begin{array}{r} 66 \\ + 23 \\ \hline \end{array}$

IV. Do the following addition on the number ray :

(2 Marks)

$$7 + 8 = \boxed{}$$

V. Match the following.

(4 x 1 = 4)

- | | |
|------------|--------|
| 1) First | a) V |
| 2) Second | b) I |
| 3) Fifth | c) VII |
| 4) Seventh | d) II |

VI. Do the following additions.

(2 x 3 = 6)

- 1) In a garden there are 37 banana trees and 58 guava trees.
What is the total number of trees in the garden ?

- 2) 8 boys are in a room. If 2 more boys come and join them.
What is the total number of boys ?
