## About Us....

It is our constant endeavour to provide the best of our publications and extend services to all our hounourable patrons.

It's not exaggeration if we humbly acknowledge that the incessant and overwhelming support and encouragement of our patrons have been the source of inspiration for the phenomenal growth and development of Vikram Book Links which has been flourishing with sophisticated strength. The credit of our success goes to our partons only, who stood behind us and helped our organization grow from a scrap in to a mighty organization - as it stands proudly today as worthy of its symbol, the elephant.... the white elephant!

We gratefully accept that the relation-ship with our end-users i.e. teachers, learners, dealers, managements have made us unique and stand out among the best private publishers in Andhra Pradesh state to-day.

In pursuance of our continued efforts to improve upon the services we now humbly rededicate ourselves to the cause of education of the future citizens of India and place before our patrons our New Generation Publications for pre-primary, primary and secondary levels students.

It may be a reiteration if we say that all these years our publications has made a mark in serving the needs of the students at various levels. It is earnestly hoped that we get continuons encouragement and support from the learners and the teachers as well.

Suggestions for the improvement of any of our series are most welcome.
