- I. a) Warangal,
15th September, 2011.

Dear Srinivas,

I am safe here and hope the same with you. It is long time since I received a letter from you. In this letter I would like to describe the Independence Day celebrations of our school.

On 15th of this month, we celebrated the function on a grand scale. Our chief guest, the Sarpanch of our village, hoisted the national flag. We sang some patriotic songs. Then a meeting was held. Our headmaster presided over the meeting. Our H.M., our teachers, guests and finally our chief guest delivered their speeches. The prizes were awarded to the winners. Sweets were distributed. The programme was ended with our national anthem.

Now I would like to know about the celebrations of your school. Reply me soon.

My regards to your parents.

5) butter 6) ghee 7) long-lasting packs 8) machinery

Last Monday, our teachers took us to Sangam Dairy, Sangam jagarlamudi as a part of the field trip. Our teachers took permission and we entered the premises. A huge machinery is there. There, the supervisor showed us how the milk is changed into powder. Then we entered the block of packing. There the machines pack the milk automatically. Of them some of the packs are long-lasting. That means the milk will be fresh and good for days together. Then we see how other milk products like butter, ghee, badam, kalakhand, basundi are made. There the staff explained us how the machines are working. Really this trip is useful on educational terms.

Sir,

I am a resident of Mallaiah Lingam Nagar, Macherla. I regret very much to bring the following to your notice for necessary action.

Last night there was a theft in our locality. Even burglars broke into a locked house and took away all the valuables from the house when the inmates went on a pilgrimage.

Last month also there were two thefts in our locality. The houses of a teacher and a doctor were looted. The reports were lodged with you. But no clues have not yet been found. So, I request you to investigate into the matter and find out the burglars out. I once again request you to arrange the night patrolling parties.

Thanking you,

Yours sincerely,

5) temple 6) movie 7) hotel 8) enjoyed

In the last month, we celebrated Dussehra on a grand scale. It is one of the most important festivals of India. On that day we woke up early, took a head bath and wore new clothes. My grandpa and grandma visited us on the occasion of the festival. My mother performed pooja to the goddess Durga Devi. My mother prepared delicious dishes and we had a hearty lunch. In the evening my dad took us to the temple. Then we went to the movie "Dinosaur". We had our dinner at hotel 'Mourya' and reached our home by 10.00 p.m. We enjoyed a lot on that day.

- I. a) Vuyyuru,
15th April, 2012.

My dear Ram,

I am safe here and hope you the same. I am doing well. I got the second rank in quarterly examinations. What about you ?

In this letter I would like to describe the excursion in which I took part in the mid-term holidays of Dussehra. On the first day of the holidays about thirty of our class pupils went on an excursion to Hyderabad. We reached Hyderabad at 8.00 p.m. and took

a room in 'Brindavan' lodge. We had our dinner and took rest that night. The next two days we visited the familiar places i.e., Golkonda Fort, Salar-Jung Museum, Zoo, Charminar etc. On the fourth day we were on return journey. On our return journey, we visited Nagarjuna Sagar Dam. Really we enjoyed this trip very much. Now, tell; what are the things with you ? My best regards to your parents.

Reply soon.

Postal department works under the Government of India. We can buy postal cards, envelop covers, stamps etc., at the post office. We send our letters to our friends, relatives and others through this department. Post – master is the head of the post-office. There are some staff members to help the post-master with his work. We can send money using the postal department through M.O. There are different saving schemes like NSC, IVP, KUP, RD, PLI etc., to enable us to invest our money in post-offices to get more returns. These are some of the uses of postal department.

- I. a)** Hyderabad,
17th December, 2011.

Dear Raman,

I am safe here and hope the same with you. I have been writing my half-yearly examinations very well. What about you ?

I received your letter and first I would like to thank you for inviting me to your village in the forth coming Pongal holidays. I am very happy to say that I shall be with you during the Pongal holidays. I am really interested in village atmosphere. Here, in Hyderabad the life is mechanical. So, I want to be with you to enjoy the beauty of the nature. Thank you once again.

With this I remain.

Yours lovingly,
Ramu.

In Pongal holidays we visited a circus show. Circus performers played so many tricks which made us laugh. We saw so many games played by them. Two circus girls swang with the help of a rope from this end to that and that end to this. It is really an adventurous feat. Someone cycled on a rope. Some other made a rope walk. A little girl jumped through fire. At the last part of the show lions and elephants came. They were trained ones. They did the actions as their masters ordered. Finally I can say that it gave us enjoyment as well as entertainment.

- b) Burning fireworks – A waste of money :** We generally burn crackers and other fireworks on the occasion of Diwali. It is the children's favourite festival. Most of us waste our money on burning fireworks. It is not at all good for us. It causes sound and air pollution. It is very dangerous to children. Every year many persons die in firework factories during the festival season. Many people burn their limbs. Some of us even lose our eyesight. We should be careful when we burn fireworks. In Diwali lighting lamps is more important than burning explosives. So I think we shouldn't waste our money on buying these fireworks.

- I. 1) Industrialization 2) Electricity 3) Green Revolution
4) Crude oil 5) Nuclear power 6) Machines
7) Medicinal science 8) Entertainment

It is the age of science and technology. Without scientific inventions, we can't live even a single day. It makes our lives more comfortable and luxurious. The invention of the wheel leads to the industrialization. Electricity makes our lives comfortable. With the Green revolution we have been getting better crops. Another essential invention is crude oil. We are using nuclear power in producing electricity. In the field of medicine we are in advance. So many lives have been saved the inventions like T.V., mobile, computer, cinema provide us entertainment. Now a days without computer we can't live even a minute. So these are all the advantages of science. If we use the science in another way it may cause our destruction. So we must use this knowledge in a correct way.
